### ABOUT ME

I am a recent graduate with a Bachelor's degree in Product Design from the University of Gujrat, driven by a passion for creating innovative, functional, and visually compelling products. Throughout my academic journey, I have developed strong skills in conceptualization, prototyping, and material exploration, with expertise in CNC cutting, CAD modeling, and high-quality rendering. To expand my knowledge and expertise, I am now seeking to pursue a Master's degree to further refine my skills and contribute to the evolving field of product design.

### EDUCATION

- 2015-2017 | **Secondary School Certificate (Matriculation)**  
Subject: Science  
BISE Gujranawala

- 12-2021 | **Digital Skills: Embracing Digital Technology**  
kings college London | (4 weeks)
- 09-2022 | **Learn 3ds Max**  
Eduonix
- 10-2022 | **Introduction to Animation Foundation course**  
Simplilearn | SkillUP
- 10-2024 | **Solidworks: Become a Certified Associate Today**  
Udemy | (5.5 hours)
- 10-2024 | **Master Digital Product Design: UX Research & UI Design**  
Udemy | (15.5 hours)

### WORK EXPERIENCE

- 10-2024  
to  
12-2024 | **Freelance Product Designer**  
Bamboovement | Netherlands  
**key responsibilities included**  
3D modeling of industrial and consumer products.  
Creating detailed scale drawings in AutoCAD.  
Producing product visualizations and renderings for presentations and marketing.

### Software's

SolidWorks  
KeyShot  
Blender  
3ds max  
AutoCAD  
Adobe Photoshop  
Adobe Illustrator  
Adobe Premiere pro

### Skills

- Photography, Videography & Video Editing
- 3D Modeling & CAD
- CNC & Laser Cutting
- Rendering & Visualization
- Product Digital and Hand Sketching
- Prototyping
- Packaging Design
- Technical Drawing
- Project Management
- Creativity & Innovation
- Team Collaboration

### Language
